Why Choose Us?

1. Flexible Learning
2. Industry Relevant Courses
3. Expert Trainers
4. Placement Assistance

What we offer !

1. Physical Design
2. Static Timing Analysis
3. Synthesis
4. Power Analysis
5. Scripting

Highlights

1. Certification Programs
2. Advanced training in VLSI Courses
3. Free internship till client selection
4. Customized training for corporate clients

Enroll Today

Join us at eChipTechnologies and take the first step in rewarding career in VLSI design and technology. Whether you're a fresh graduate, working professional or organization looking to upskill your team, we have a program tailored for you.
